

Your Partner for all your Energy Solutions
Fueling Intelligence & Efficiency for Nine Decades

Founded in 1931, Guttman Energy, Inc. is a **100% employee-owned organization** and a **full-service fuel distribution enterprise** providing fuel and energy products, procurement, solutions, and programs to a wide variety of commercial, industrial, retail, and governmental organizations. With nearly 95 years of unmatched fuel industry experience, we leverage our market intelligence, supply, and logistics expertise to offer an innovative and comprehensive approach to all of our customers' energy needs.

In 2022, **Guttman Energy, Source One Transportation, LLC, and Guttman Renewables, Inc. united to form Guttman Holdings, Inc. as part of an Employee Stock Ownership Plan (ESOP)**. As a 100% employee-owned company, each of our employee owners has a financial stake in our customers' satisfaction and our company's success. As employee owners, we live by our core values and we rally behind a common purpose: *Fueling our customers success, so that each of our employee owners and their families can prosper.*

Employee Ownership Matters

Employee ownership creates a culture of empowered and committed employee owners, who deliver exceptional customer service to ensure long-term relationships.

-  **Sustainable Growth**
-  **Enhanced Productivity & Continuous Improvement**
-  **Increased Employee Owner Engagement & Innovation**

The Guttman Difference: What Sets Us Apart from Other Energy Providers

Guttman's employee owners:

-  Provide market intelligence, fuel expertise, and expansive energy solutions.
-  Prioritize our customers' fuel needs and energy challenges.
-  Provide industry-leading logistics.
-  Deliver fuel safely and reliably.
-  Offer customized pricing.

Guttman Energy: Fuel Supply & Services

Guttman Energy provides a variety of industry-leading fuels, from a complete line of quality gasoline and traditional distillates to additives and environmentally friendly alternatives. With multiple supply partners, Guttman ensures flexibility and certainty of supply, competitive pricing, and increased delivery efficiency.

Oil & Gas

-  Natural Gas & Propane
-  Compressed Natural Gas (CNG)
-  Auto Fuelers & Diesel Exhaust Fluid (DEF)

Renewable Energy

-  Carbon Offsets
-  Ethanol & Biodiesel Blends

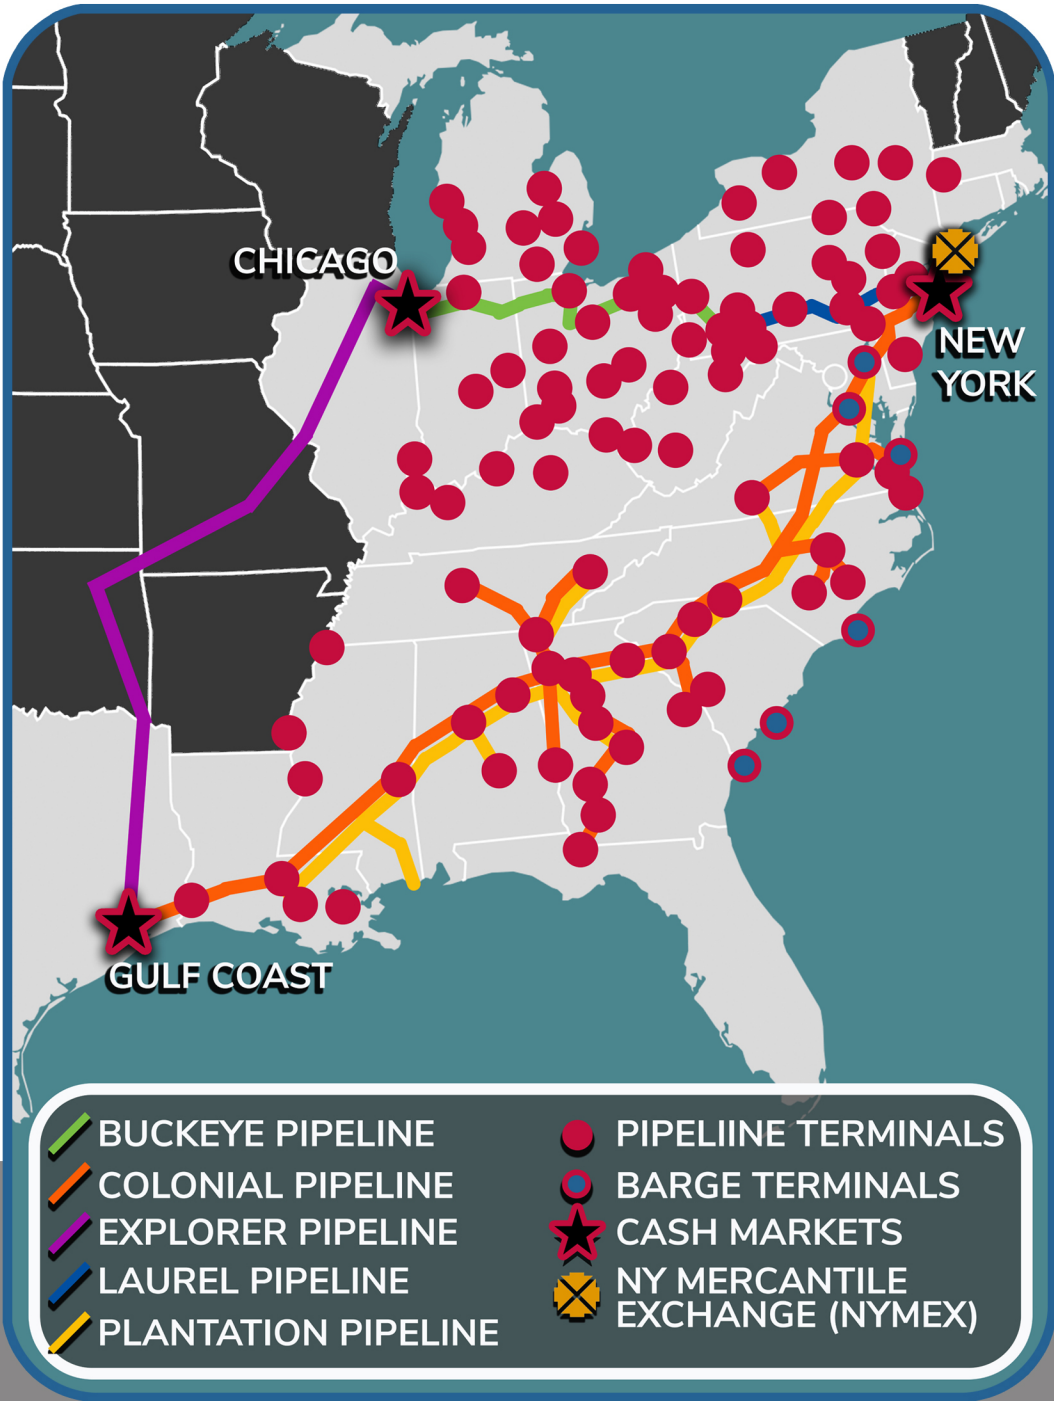

Your Fuel Partner & One-Stop Energy Source

Guttman Energy and Source One Transportation are the one-stop source for all of your energy procurement needs. With supply partners across multiple markets and a comprehensive distribution network, Guttman offers all the products, expertise, and technology you need to manage your fuel program. Guttman supports companies and organizations of all sizes to access the petroleum products, logistics, and energy solutions they need to power their business forward.

Guttman purchases from the refinery gate and manages all aspects of the supply chain from pipeline shipment and storage, to delivery to our customers. Our team of energy professionals has more than 150 years of supply and trading experience. We manage supply from three major trading hubs (New York Harbor, Chicago, and U.S. Gulf Coast), and ship on five major interstate pipelines: Colonial, Products (Plantation), Buckeye, Laurel, and Explorer.
